CONTENTS OF VOLUME 12

Number 1, September 1968

D. Kalló and I. Preszler. *n*-Butene Isomerization on Acidic Ion-Exchange Resin 1

Harold E. Swift and John E. Bozik. Metallic Phases and Activities of Nickel-Tin-Silica Catalysts. Dehydrogenation of Cyclohexanone, Cyclohexanol, and Cyclohexane 5

Nobuyuki Wakayama, Yoshihiro Mori, and Hiroo Inokuchi. Catalytic Behavior of Organic Semiconductors. Relation between Reactivity and Valency of Aromatic Anion in Aromatic-Alkali Metal Complexes 15

J. C. Kuriacose, C. Daniel, and R. Swaminathan. Modification of the Activity of Chromia and Chromia-Alumina Catalysts by Adsorbates . . . 19

R. A. Morrison and K. A. Krieger. The Catalytic Exchange of Iodine in Alkyl Iodides 25

P. van der Plank and W. M. H. Sachtler. Interaction of Benzene with Protium and Deuterium on Copper-Nickel Films with Known Surface Composition . 35

Ph. A. Batist, A. H. W. M. Der Kinderen, Yvonne Leeuwenburgh, Francien A. M. G. Metz, and G. C. A. Schuit. The Catalytic Oxidation of 1-Butene over Bismuth Molybdate Catalysts. IV. Dependence of Activity on the Structures of the Catalysts 45

R. A. Hildebrandt and Hertha Skala. High-Temperature Acidity Measurements and Correlation with Catalyst Activity 61

R. J. Kokes and J. P. Bartek. Formation of Dimeric Products during the Steady State Hydrogenation of Ethylene over Nickel 72

Hiroshige Matsumoto, Kiyoshi Yasui, and Yoshiro Morita. The Catalytic Activity of the Zeolite–Hydrogen Chloride System 84

Sanae Kishida and Shiichiro Teranishi. Kinetics of Liquid-Phase Hydrogenation of Acetone over Raney Nickel Catalyst 90

Sanae Kishida, Yuriko Murakami, Tosinobu Imanaka, and Shiichiro Teranishi. Hydrogenation of Various Ketones on Nickel Boride Catalyst . . . 97

Notes

I. G. Murgulescu, Gerda H. Comsa, and N. I. Ionescu. Influence of Oxygen Chemisorption on the Thickness of Thin Silver Films 102

G.-M. Schwab and G. Mandre. Catalytic Hydrogenation by Dicyanobipyridinecobaltate (II) in Homogeneous Solution 103

Letters to the Editors

SUBJECT INDEX 419

Statement of ownership, management and circulation required by the Act of October 23, 1962, Section 4369, Title 39, United States Code; of

Journal of Catalysis

Published monthly at Exchange Place, Hanover, Pa. 17331 for Academic Press Inc., 111 Fifth Avenue, New York, N. Y. 10003. Editors: J. H. deBoer, Technological University of Delft, The Netherlands; P. W. Selwood, University of California, Santa Barbara, California 93106.

Owned by Walter J. Johnson and Thekla Johnson, 111 Fifth Avenue, New York, N. Y. 10003. Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities: None.

Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner. Names and addresses of individuals who are stockholders of a corporation which itself is a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 2 and 3 when the interests of such individuals are equivalent to 1 percent or more of the total amount of the stock or securities of the publishing corporation.

Total no. copies printed, average no. copies each issue during preceding 12 months: 1550; single issue nearest to filing date: 1600. Paid circulation (a) to term subscribers by mail, carrier delivery or by other means, average no. copies each issue during preceding 12 months: 1325; single issue nearest to filing date: 1386. (b) Sales through agents, news dealers, or otherwise, average no. copies each issue during preceding 12 months: 0; single issue nearest to filing date: 0. Free distribution by mail, carrier delivery, or by other means, average no. copies each issue during preceding 12 months: 67; single issue nearest to filing date: 70. Total no. of copies distributed, average no. copies each issue during preceding 12 months: 1392; single issue nearest to filing date: 1456.
